

Physical Education

Ms. Silva

The students are doing a wonderful job in their soccer unit. We have finished our skill work in dribbling, passing, and shooting. Starting in the beginning of October, the students will begin their small-sided soccer games. The last day of their soccer unit in grades 3-5, the students will receive a quiz to check their knowledge of the skills we worked on along with some understanding of the sport of soccer. In the middle of October, the students will be starting a new unit. In grades 3-5, the students will be participating in a team & cooperative challenges/games unit and in grades K-2 a throwing & catching unit.

Please make sure that your child is prepared for physical activity on their scheduled physical education days. There are still children showing up to physical education class unprepared.
