

# Our Math Goals

Children will be able to:

- Count by ones, matching quantities with numerals (1-10)
- Identify, reproduce, describe, extend, and create repeating patterns.
- Name and compare two dimensional shapes.
- Collect, sort, organize and draw conclusions about data using concrete objects using, pictures, numbers and graphs

# Science

Children are encouraged to ask and seek out answers to questions about objects and events with the assistance teachers.

Together, we will explore the environment around us, the weather and seasonal changes, needs of living things and our senses and how they help us know about the world around us.

# Social Studies

We will explore

- Families
- Our school and community
- Community helpers
- Important holidays in our culture and why we observe them
