What if ..

There was a place where kids could work for social justice and in their "doing" .. experience the power of giving and service?

GiftsToGive provides SouthCoast students with a tangible service-learning and social justice experience. Students help organize collection drives and volunteer to work a "shift" at the New Bedford Repurposing Center, inspecting and processing donations and filling orders for local children in-need.

SHARE YOUR CHILD'S BIRTHDAY With a child in-need

For most of the kids we help, their birthday is just another day!
Talk to your child about donating one of their birthday presents

On the SouthCoast; 2,000 children are homeless and over 25,000 children live in poverty. Help children share their "treasure," and show them by example how they can make a real difference!
