Cell 508-989-4386

“Hi, this is the Fairhaven Board of Public Works. We have two storm related announcements.

First, the BPW office on Arsene Street will be open tonight until 8:00PM so residents in the Sconticut Neck, West Island, Knollmere Beach and Harborview areas can obtain hurricane stickers. You will need your vehicle registration, and proof of property ownership if your vehicle is registered at a different address.

If you are not familiar with the hurricane permit program, please call the office at 508-979-4030

Second, if you have trees and limbs on your property, the Bridge Street landfill will be open for residents on Sunday from 8AM to 4PM. The Recycle Center on Arsene Street will not be open on Saturday, and will not be accepting storm related brush.

If you still have brush next week, please call the BPW office for the disposal location.

The Town cannot take any other kind of waste, such as shingles, other wood waste and so on.”
