

PUBLIC NOTICE

The special education department of the Fairhaven Public Schools keeps records of all students for seven years after the student has left the school district. After that time the department destroys all records except for transcripts which are kept for 60 years. Parents or students (age 18 or older) may receive the records in lieu of destruction if they wish. Contact Ruth Barlow at 508-979-4000 by September 15, 2010, to request this option. Records of students who left the Fairhaven School district prior to September 1, 2003 will be destroyed beginning September 30, 2010.
