April

English

Language Arts

In Unit 5, we have been studying “Adventures by Land, Air, and Water.” We have been and will be learning about exciting places such as Macchu Picchu and Antarctica and interesting people such as Amelia Earhart and Eleanor Roosevelt.

...April showers...

bring May flowers...

Science and Social Studies

This month we will again be making the switch from social studies to science. We will be studying the Earth's Land resources until the midterm.

You can do it...with effective effort!!!

Math

We have just completed our March Quarterly and will continue studying fractions. Students will be learning how to read, write, order, compare, add and subtract them this month.
