9	I feel that the building has limitations and does not provide the same level that the East Fairhaven School offers. Specialist in the basement past the janator space is not acceptable, no ture library, doubling up the gym and lunch room.	May 3, 2011 12:46 PM

3	There is awareness by students, staff and parents regarding bullying.	May 9, 2011 7:45 PM

6	Don't know what/who this is	May 9, 2011 7:53 PM
7	Our son is happy with the counselor, especially lunch bunch	May 9, 2011 7:45 PM
8	It's great that the school now has a counselor. I haven't seen the effects of her services personally. I would love to see her do some teaching about being good friends to one another (seems kids are still missing the point, even at the higher grade levels) Concerning the loss of Mrs. Close, I didn't like being called at home about some vague white envelope coming home. It seemed by the tone of the call that there was a safety emergency. Though sad news, the letter itself would have been enough to communicate the loss.	May 4, 2011 10:57 PM
9	The children feel comfortable talking to an adult that is neutral and can give them a different perspective on their issues.	May 3, 2011 9:27 PM

18	Very welcoming environment. The new principal is also very hands-on, learning the names of students. (including my daughter's) and welcoming parents as much as possible. Teachers are also very approachable and knowledgeable, going the extra mile if necessary.	May 9, 2011 8:28 PM

Q8. What do we do especially well at Rogers School?

19	Quality of teachers and Staff. How special it is to have a neighborhood school where staff gets to know parents and vice-versa! I feel that the staff at Rogers has always been available to me should I need to voice concern about my child's education/needs. This is true from classroom teacher, school secretary, custodial, lunch room, volunteers, and even crossing guards, and of course ... Mrs. Williams.	May 9, 2011 8:23 PM

30	The Rogers School has gone so far above and beyond my expectations in so many ways. My children both had a desk full of welcome cards on their first day; Mrs. Williams could not have been more helpful with my children starting school in February; and I was so impressed when Miss O'Malley offered tutoring for my son while my daughter used the in class computer two days a week. Rogers School is how every school should aspire to be.	May 9, 2011 7:56 PM
31	Make the kids want to learn and strive to be better students--**Miss Pavlic**	May 9, 2011 7:53 PM

41	Each child is treated as an individual, not just a student.	May 3, 2011 9:27 PM
42	Welcoming parent support and PTO sponsored events. Mr. Perry's contributions and the flexibility of the classroom aides are assets to Rogers.	May 3, 2011 9:14 PM
43	Communication with parents. For me I feel like I can ask any questions and get an answer. I feel like none of the kids are favored and all are treated equal.	May 3, 2011 6:53 PM
44	The parent taught conferences that were started when other school did not do them is very valuable. Access to principal and teachers is great.	May 3, 2011 12:46 PM

54	Kim Dwyer is a fantastic teacher! Mrs. Williams visibility and knowledge of each child and parent really makes a difference. I know parents at East Fairhaven who have never met the principal. I believe Mrs. Williams know me and my daughter within the first month of school starting. This is what makes Rogers a "family".	Apr 28, 2011 10:36 AM

Q9. What suggestions do you have to make Rogers School better?

1	More chances for excelling students (some teachers seem to handle the top students well others it is harder); field trip for 5th grade that is appropriate for them.	May 11, 2011 9:51 AM
2	I would like to be told when my children have projects, assemblies, etc ahead of time. For example, I did not even know about the ice cream in the afternoon event until I had to pick-up my sick daughter early that day.	May 9, 2011 9:08 PM
3	Keep Rogers open	May 9, 2011 9:05 PM
4	I would love after school extended child care at Rogers, however, I know this would probably be costly	May 9, 2011 9:03 PM
5	I wish grades K-6 were instead of 5, like it used to be. I'm overall very happy with Rogers school and hope it stays open.	May 9, 2011 9:02 PM
6	Healthy/healthier lunch choices!!! More chances for advanced studiers! Field trip suitable for certain age levels	May 9, 2011 8:53 PM
7	Enforce no parking zones and fire hydrants. More police presence during morning and afternoon.	May 9, 2011 8:52 PM
8	None. I have had a wonderful experience watching my daughter grow and develop and excel in the environment. I'm so happy that she will finish out next year there.	May 9, 2011 8:50 PM
9	Modernizing school, not moving school	May 9, 2011 8:44 PM
10	I have no suggestions at this time. Keep up the good work.	May 9, 2011 8:36 PM
11	Have the kids line up inside all winter	May 9, 2011 8:35 PM
12	Please save Rogers	May 9, 2011 8:32 PM
13	Fix he structure or build a new school as soon as possible.	May 9, 2011 8:31 PM
14	Again, class size is a huge concern. My older daughter had a wonderful experience at Rogers School, and she had a small class size (15). This year my youngest is in Kindergarten with 23 students. That makes a big difference in how much attention and learning can occur, especially at this crucial age in reading.	May 9, 2011 8:28 PM
15	That's a tough question. I've always felt that a stronger introduction into Kindergarten was needed. Having K students meet not only their new teachers, but guidance in lunch room...introducing them to more staff as they enter school. This is a scary new adventure for them and I feel the lunch room experience can be confusing for them sometimes. More parent volunteers...how do we get that message across to parents?	May 9, 2011 8:23 PM
16	Consistency of standards	May 9, 2011 8:17 PM
17	By keeping the school open	May 9, 2011 8:15 PM
18	Increase daily use of technology. Renovate the Rogers building to improve facilities there. Not go to Wood School	May 9, 2011 8:11 PM
19	Enforce no pets on school grounds before and after school	May 9, 2011 8:05 PM

Q9. What suggestions do you have to make Rogers School better?

20	Keep Rogers open	May 9, 2011 8:00 PM
21	Nothing	May 9, 2011 7:58 PM
22	Easy up on restrictive lunch seating/talking	May 9, 2011 7:53 PM
23	I like when the school brings in special guests like Dr. Dills. I would like to see more of that. I would like to see the children interacting with local outdoor ecosystem such as when they visited the local reservoir for Geography Club. Longer recesses would provide more exercise and social interaction for the children.	May 9, 2011 7:45 PM
24	Better school lunches with bigger portions for older kids.	May 9, 2011 7:40 PM
25	I would love to see more differentiation in ALL grades. Children should be divided by reading (as done at East Fairhaven schools) and math levels. When parents ask for more enriching and creative work, they should be responded to positively and do their very best to follow through....especially if the parent has offered to volunteer much of their time to help it happen.	May 4, 2011 10:57 PM
26	Provide the renovations that it needs, and continue to keep it as a true neighborhood school.	May 4, 2011 4:22 PM
27	Professionally, I believe the staff strives to achieve the best for its students. Physically, we could use a face lift and modernize our students experience.	May 3, 2011 9:27 PM
28	Continual professional development opportunities for teachers to meet the needs of all students. Would like to see a more project based curriculum that encourages creativity and exploration.	May 3, 2011 9:14 PM
29	Obviously it could use updating. I hope it stays open and gets renovations. I would love for my other child to go there in the future.	May 3, 2011 6:53 PM
30	My children have been disapointed in some of the field trips. Some of the shows at the Z have not been liked by them. They wanted more age/grade aproppriate field trips. The building is old and limited and facilities have not been maintained well and we feel do not serve us well in the 21st century. Facilities need to be equal to the new East Fhn School for all elemetery students.	May 3, 2011 12:46 PM
31	Would like to see the disruptive kids pulled out of the classroom faster when creating disturbances. Would like to see more art integrated into class structure. Would like to see innovation with foreign language segments integrated into the class. Even if there isn't time or money for actual separate language classes, some sort of intro to different language phrases or vocab could probably be interwoven- there could be Spanish month/French month, etc. The younger they start the more likely they are to actually absorb it. 32	Maybe a chance for the high school kids to offer after school programs as well for extra credit with one parent for support.	May 1, 2011 12:47 PM
33	Please do not close Rogers School. Please renovate so that our students can have the safe facilities they need to further their learning opportunities. Please remember that an education is not a building. It is the walking field trips to the town's center, walking to the town's library, brightening the resident's at Our Lady's Haven's day, it is the culture of a neighborhood school. Q9. What suggestions do you have to make Rogers School better?

34	I have one request for the kindergarten students. On the few occasions when the weather is quite awful, (pouring rain), in the morning for drop off, instead of having the kindergarteners go into the gym and then minutes later back outside into the rain, could they go right to their class rooms? The older children once they are dropped off go into the building once and they stay inside. The kindergarteners are having to endure the rain twice. Potentially staying wet all day! Please consider this!	Apr 29, 2011 9:51 AM
35	I do not like our child(ren) to loose recess as punishment for anything (forgetting work, a table too loud at lunch) I think alot of parents agree with us on this one.They need that short time to run and let off steam.I also find the cafeteria servers to be quite moody and unpredictable. I understand about rules and behavior having to be in order but that unprofessional behavior is uncomfortable to adult and visably upsetting to children.	Apr 28, 2011 9:49 PM
36	Renovated facilities.	Apr 28, 2011 5:21 PM
37	Do everything to keep Rogers School. It will be detrimental to lose this school for our children and our town!	Apr 28, 2011 10:36 AM
