

September 25, 2017

Dear Fellow Parent,

I once had another parent of a special needs child tell me **“We're all part of the same tribe.”**

As parents of children in Acushnet and Fairhaven’s Special Education system, I believe it is our duty, responsibility, and privilege to come together. When we join together, we learn from each other, we help support our schools, and the growth of our children.

The **Special Education Parent Advisory Council** does just that.

It is a group where parents in our community can come together, support each other, learn more about what is available to your child as provided by Special Education laws, and help our school system to support our incredible children. Together, we can help our children reach their full academic potential.

JOIN US FOR OUR FIRST MEETING OF 2017!

WHEN: Wednesday, October 25th

TIME: 11:30am-12:30pm (*Feel free to bring your lunch!*)
