Fire Safety Concepts to Teach Children

*When fire erupts, get out of the house quickly and NEVER go back inside.

Teach the reminder chant, "Don't hide – Go Outside!"

Tell kids never to go back in for pets or toys.

• *Escape a fire first, and then from a cell phone or a neighbor's phone,
call 9-1 -1•

• *Never hide from fire fighters-Make noise and shout "here I am"

• *If an escape route is smoky, but passable, get down low and breathe
the cleanest air that's 1 to 2 feet above the floor. That may require
crawling down the escape route. "Get down Low and Go, Go Go!!"

If clothes catch on fire, never run. "Stop, Drop, and Roll" to smother
flames.
