

ARTS FOR ALL NEWSLETTER Dec. 2011

Hi Parents and friends of the Arts.

Artists in every grade level will be doing a holiday card-making workshop and a day of fun.

*Kindergarten will be learning about the artist Paul Klee this month, making cards and having a few games.

*First Grade will be continuing looking at trees. Making cards and creating animals.

*Second graders will be making traditional snowman with a friend and creating cards.

*Third grade will be finishing their glue chalk drawings and creating stained glass pictures.

*Fourth will be finishing up with their weavings and then creating some Santa's sleighs.

fifth graders graders will be finishing their weavings and then going on to snowman portraits.

Please donate any recycables.

We will be doing some more painting projects in the future. Most of what is used in the art room is washable paint but sometimes the paint can get rubbed in. Students would do better if they had their own art smock!!
