Classroom Rules:

It is my philosophy that a great learning environment is where children are empowered. On the first day of school students help to establish rules for the type classroom that they feel they could learn best in. So together we developed our classroom rules.

1. Always use kind words and actions.
2. Raise our hands before talking, no shouting out!
3. Work quietly and do not disturb others that are working.
4. Try our best and do quality work.
5. Be a good listener when someone is talking.
6. Share with our classmates

Field Trips:

2008-2009 School year

1. **New England Aquarium -Boston** – Friday May 22, 2009
Students learn about the aquatic environments through observations and hands on interactions.
2. **Local Field Trip** – Thursday May 28, 2009
Learning town history through a guided tour by Natalie Hemmingway to the Town Hall, the Millicent Library, the Unitarian Church and Fort Phoenix

Supplies:

- * Tissues
- * Glue sticks
- * Antibacterial Wipes
